

The Silver Lining

A Quarterly Publication of Dream House for Medically Fragile Children, Inc.

Volume 10: Issue 1

January 2011

From Our Family to Yours...

Long time "Dream Makers" Blake and Leslie Lewin honored Leslie's brother, Stephen Pettet, by gifting him with naming rights to the Physical Therapy Room at the Dream House *Family for Keeps*® Transition Care Home.

Little did they know their visit to the Home would be the last they would spend time as a family with this 62-year-old inspiration born with Cerebral Palsy (CP). On December 24, 2010, Stephen contracted pneumonia, and he passed away 10 days later.

"We wanted Stephen's life, and the influence he had on those he met, to be remembered by others in a significant and sustainable way," said Leslie. "He had an indomitable spirit that was trapped inside a very broken body. Mobility of body was what he did not have. Overcoming that obstacle is what the Physical Therapy Room represented to him."

Sixty-Two Years Ago...

Stephen's mother Ellen knew something was wrong with her firstborn. Dissatisfied with the doctor's opinion that Stephen was too spoiled, Ellen and her mother drove from Virginia to Maryland so that Stephen could be seen by a specialist. She learned he had CP. Ellen did not understand the permanence of the condition, or the future implications for Stephen or their family.

In that post-WWII era, there were no support systems in place to help a family deal with a child or loved one's special needs. So little was known about this disease that Ellen was left on her own to manage with nothing but her intuition, instincts and creativity. Fortunately, Ellen had the support of her mother. However, her husband was devastated that Stephen was not "normal." The marriage ended when Stephen was six.

Edward, Ellen's second husband, was warned by friends not to marry a woman with a handicapped child. They have been married for over 50 years, and their two other children, Leslie and Mark, have played a vital role in Stephen's life, and he in theirs.

Stephen's first 30 years were at home, where his mother was his primary caregiver. Her only support group was her family. She exposed Stephen to as many experiences as possible, and made every effort to nurture his bright mind. The next 20 years, Stephen spent in a Virginia nursing home. To be near her young family, in 1999, Leslie moved Stephen to a Snellville, GA nursing home where he became an integrated member of his community, gaining a circle of support.

Leslie and Blake made it a priority for him to experience those everyday wonders that most of us take for granted. He loved

going to church at Grace Fellowship where he was part of a bigger community with a purpose. Known for his bright, winning smile and joyful spirit, Stephen touched many.

A Heartfelt Connection

The Lewins became financial supporters of Dream House in 2005. "When I learned about Dream House, it struck a tender cord within my heart because of my deep love for Stephen," recalled Leslie. However, it would be December of 2010 before they visited the flagship *Family for Keeps*® Home in Lilburn, the first and only licensed Children's Transition Care Center in the U.S. "Our preconceived notion was that

of a homey hospital with beeping machines and blinking lights," Leslie confessed. "That false assumption was quickly altered. We were definitely in a HOME. It felt good. It felt safe."

Stephen was able to see first hand what an incredible legacy his family's support had helped build. As Laura Moore, Dream House Founder and CEO, conducted the tour, and shared the organization's milestones and continued challenges, Stephen was engaged and intrigued. Leslie commented that, "Stephen always wanted to be part of something that would make a big impact on a large number of people."

STEPHEN PETTET 1949-2011

LEWIN FAMILY PHOTO ALBUM: (L-R) LYRIC, BLAKE, STEPHEN, LESLIE, BEN, NATE

Changing Lives, One Child at a Time

Families caring for their medically fragile children at home face many of the same struggles that Stephen's mother endured 62 years ago.

Dream House supporters are helping change the status quo for medically fragile children in Georgia.

This *Annual Honor Roll of Donors* is a tribute to your incredible, caring spirit.

Please help Dream House serve even more of these precious children in 2011.

CONTINUED ON REVERSE

OUR PURPOSE
To increase opportunities for medically fragile children to live in stable, permanent home environments through the development of support resources and programs which increase the number of families and communities prepared to care for them.

OUR VISION
To empower families to care for their medically fragile children at home, improve their quality of life, and benefit the State of Georgia, the tax payers and health care institutions by providing a more effective way to care for these children.
